Word cloud of Facility Country

A word cloud visualization showing the frequency of countries mentioned in facility data. The words are arranged in a non-uniform, overlapping manner, with size indicating frequency. The countries shown are Brazil, Venezuela, Peru, Argentina, Chile, and Colombia. Brazil is the largest word, followed by Venezuela and Peru. Argentina, Chile, and Colombia are smaller and positioned lower in the cloud.

Country	Frequency (Count)
Brazil	1669142
Venezuela	223414
Peru	223414
Argentina	223414
Chile	223414
Colombia	223414

1669142
223414

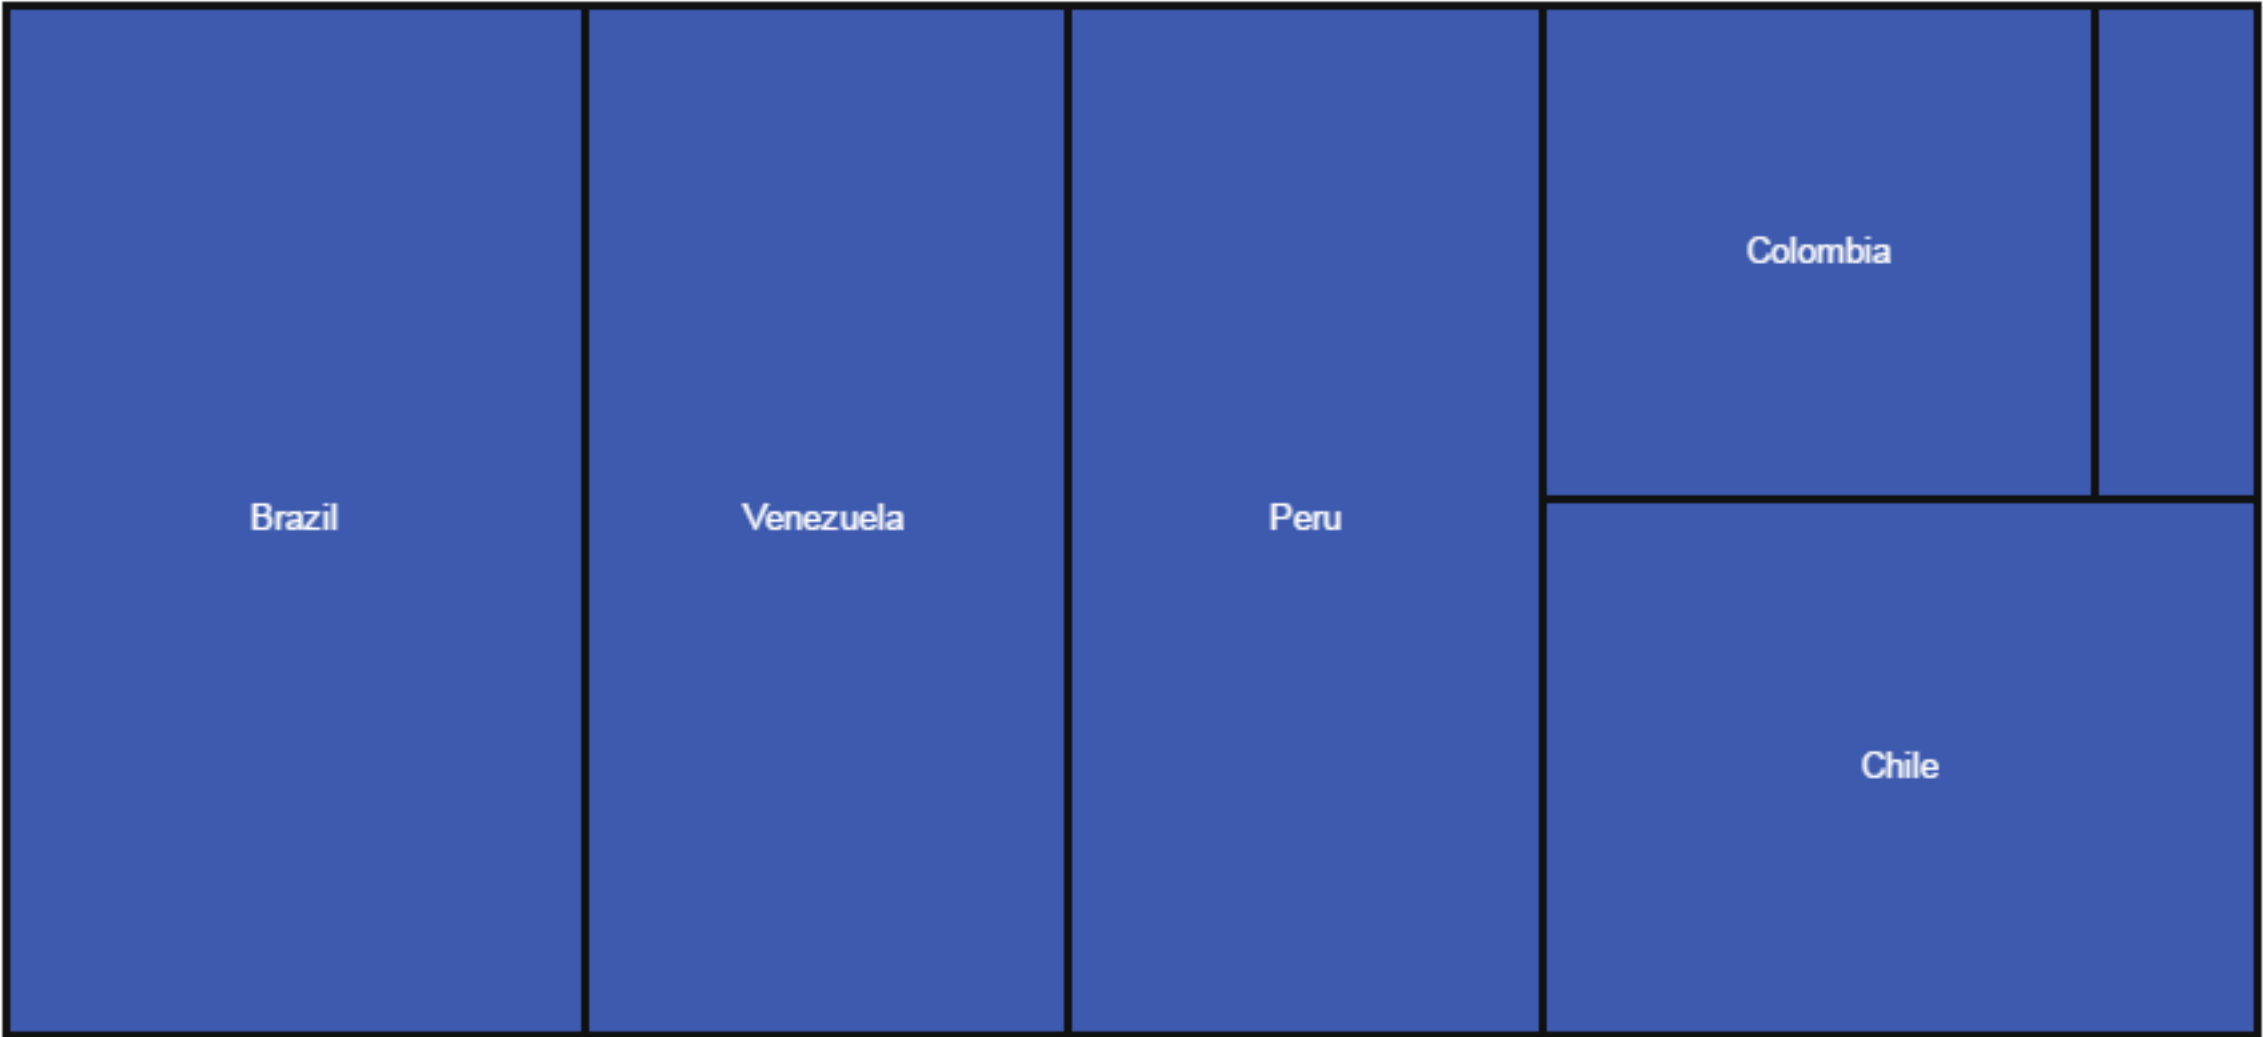

An upward-pointing arrow and the letter 'A' are positioned next to the frequency counts, likely indicating a comparison or a specific data point.
